

Canadian Disability Participation Project

## LOOKING FOR YOUTH AGED 14-21 WITH A PHYSICAL DISABILITY to share their sport experiences

The School of Kinesiology and Health Sciences at York University is conducting a study seeking to understand the developmental outcomes associated with sport participation in youth with disabilities.

### What's involved?

- ✓ This study involves completing **one telephone interview.**
- ✓ Total participation time is approximately 1 hour.

### Who are we looking for?

- ✓ Youth between the ages of **14-21**
- ✓ with a **physical disability**
- ✓ and **enrolled in** an organized **sports program**

### If you (or your child) are either:

- ✓ Interested in participating
- ✓ Need more information
- ✓ Have any questions and/or concerns

Please contact: **Amanda McKinnon** at  
**amyorkstudy@gmail.com**

Youth will receive a **25\$ gift card** as a “thank you” for their participation in this study
